

# 11 Day Botswana and Zambia + 5 Day Zanzibar Extension

Central Kalahari Reserve / Okavango Delta / Chobe Park / Victoria Falls Extend to exotic Zanzibar

*Botswana, always carrying the promise of a wild experience in luxury and safety. Sweeping vistas of endless papyrus channels and waterways. The call of the Fish Eagle awaking you with sunrise and the ball of liquid gold sun bidding you farewell at the close of your days experiences.*

Your time in this fascinating country is dedicated to the wilds of the Okavango Delta and the world renown Chobe National Park with endless Elephant Herds and seemingly sleepy crocs patiently parked on the banks of the river and Papyrus Islands. But almost as important and certainly often overlooked is the barren wilderness of the Central Kalahari reserve, an area for the nature lover and a real opportunity to meet and interact authentically with the custodians of the country The San or Bushman.

With personal service and an all inclusive Safari Experience, the perfect mix of culture and wildlife it is no wonder this ranks as one of our most popular tours. Adding into the mix the exotic island of Zanzibar brimming with history, watersports and beaches is the perfect way to round off your African experience with us, Karibu Sana.

One of our consultants are waiting to assist you with any questions and a complete itinerary for this tour – feel free to contact us:
