

Tour de Giardino and Argus

13 Day Cycle Tour

South Africa – Western Cape – Garden Route – Karoo – Cape Town

Africa. South Africa. The Western Cape. The Garden Route. Pristine beauty, unparalleled scenery and excellent rideable routes. Join us for the introduction to South Africa's gem the only way that makes sense – on the saddle! Experience the tranquility of the backroads and the rush of the mountain passes the way no "normal" tourist does, smell the sea breeze and feel the heat of the dry interior. Our 13 Day Cycle tour kicks off on arrival in Port Elizabeth, generally referred to as the Eastern most portion of the Garden Route. From here we spend 4 days on the N2 and digress to various places of interest including the Addo Elephant National Park, Storms River Mouth, Blou Krans Bridge, Natures Valley, Plettenberg Bay, Knysna and Mossel Bay. The following days lead us inland over imposing Mountain Passes – which repay the effort with breathtaking vistas – to the Ostrich Capital of the world and home to the Congo Caves in Oudtshoorn. We journey West on the Route 62 and watch as our environment turns from barren sun scorched earth to fertile valleys and carpeted tracts of vineyards as we enter the Mother City – Cape Town. The pre amble culminates in the largest day timed cycle event in the world the magnificent Cape Argus Tour. Renown for it's beautiful route, incredible organisation and exhilarating crowd support this is guaranteed to be a magical close to your time here in the Western Cape.

One of our consultants are waiting to assist you with any questions and a complete itinerary for this tour – add on options to Kruger, Namibia, Botswana or Victoria Falls easily achieved - feel free to contact us:
